---

UNDP is currently supporting the youth in Somalia to develop a Youth Charter, which will serve as **one voice for the youth** of Somaliland, Puntland and South Central Somalia, to bring to light their concerns and issues that need to be addressed for enabling their empowerment. The charter is being produced as a result of several consultations, through interviews, a survey and focus group discussions — with youth and other stakeholders — on the upcoming Somalia Human Development Report 2011, which focuses on **Empowering Youth for Peace and Development**.

Kindly help us by answering the following questions. Your responses will assist us in improving the Youth Charter, ensuring it represents your views, as well as in developing a communication strategy to deliver the right messages to appropriate recipients. This will also help us follow up on actions outlined in the report/Youth Charter.

You can access the draft version of the Charter here: http://www.so.undp.org/ *Mehetsenet*
